PROJECTS

Ultimate Gadgets Mobile App

📅 2025 📍 Kandy, Sri Lanka

SLIATE FINAL PROJECT

- Created a cross-platform mobile app with React Native, Expo, Zustand, and Supabase, enabling users to browse and purchase gadgets easily
- Implemented state management and backend integration for smooth, real-time user interactions
- Focused on intuitive UI/UX for effortless shopping on mobile devices
- https://github.com/OshanaKavishan/gadgets-app-react-native

Fullstack Web E-Commerce App

📅 2025 📍 Kandy, Sri Lanka

ADMIN DASHBOARD

- Built a web-based admin dashboard with Next.js for efficient product and order management
- Integrated Supabase backend services, including authentication, database, and file storage
- Managed and deployed fullstack solution to enable smooth synchronization between mobile and web platforms
- https://github.com/OshanaKavishan/gadgets-shop-admin

Forever — Modern Clothing E-Commerce Platform

📅 2025 📍 Kandy, Sri Lanka

CLOTHING WEBSITE

- Developed a fully responsive e-commerce website for a modern clothing store with a fast, user-friendly UI using React and Vite
- Built an admin dashboard for managing products, categories, orders, and analytics with secure role-based access
- Implemented backend REST API using Node.js, Express, and MongoDB with Mongoose for database management
- Integrated Cloudinary for efficient product image uploads and management
- Supported multiple payment options including Stripe and manual payments with secure JWT authentication
- https://github.com/OshanaKavishan/ecommerce-website

SUMMARY

Motivated web development student with hands-on experience in building responsive and engaging websites, and a growing interest in mobile development using React Native. Skilled in clear communication, problem-solving, and adapting in fast-paced environments. Passionate about contributing to development teams, learning from mentorship, and taking on real-world projects to grow as a frontend developer across web and mobile platforms
